Banff is a small town located in the Rocky Mountains of western Canada, just an hour by shuttle bus from Calgary's International Airport (to your hotel). Arrangements for hotel bookings and for the bus shuttle will be made on-line at the time of registration for the conference.

- Programme will include three days of invited and offered presentations by international delegates from the global scientific community and from leaders in policy and animal agriculture industries
- One day of workshops
- One day reserved for touring the region
